

Name: _____ Class: _____

Atoms

Using words in the word bank below, label the diagram.

Word bank: **electron, proton, neutron, nucleus, electron shell**

1. Which part of an atom has a negative electric charge ?
2. Which part of the atom contains no electric charge ?
3. Which part of the atom has a positive electric charge ?
4. Electricity, light and sound are made up of atoms.

True

False

5. Atoms can be observed with our bare eyes.

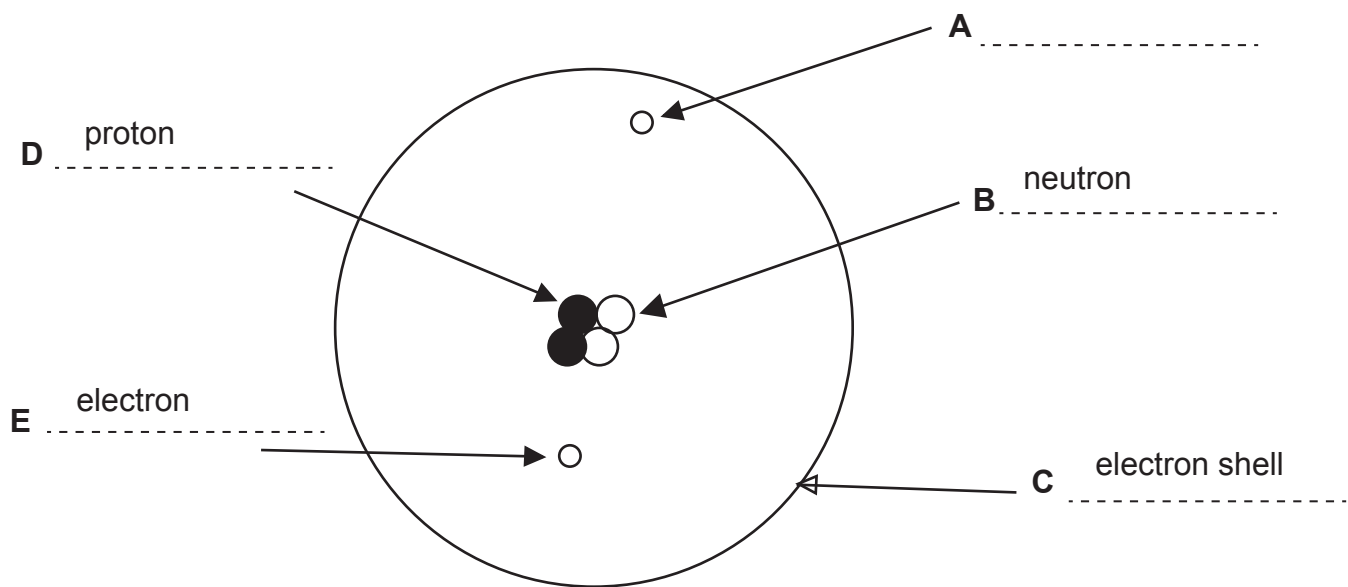

True

False

6. Atoms have a mass and volume.

True

False

Word bank: **electron, proton, neutron, nucleus, electron shell**

1. electron
2. neutron
3. proton
4. False
5. False
6. True
